

PRELIMINARY AMENDMENT  
Attorney Docket No. Q67567

A1  
Conc'l'd

7. (Amended) A phase shifter element as claimed in claim 1, wherein said transmission line is operatively associated with an antenna array.

A2

11. (Amended) A phase shifter as claimed in claim 8, including adjustment means for selectively moving said dielectric element in relation to said transmission line such that said segments and said gaps movably overlap said transmission line to vary the phase of signals passing through said transmission line.

A3

13. (Amended) An antenna array incorporating a phase shifter as claimed in claim 1.
